

Undergraduate Research Symposium

Categories

There are seven categories:

- *Biological Sciences*
- *Physical Sciences*
- *Computer and/or Computational Science*
- *Applied Engineering*
- *Humanities, Art or Social Sciences*
- *Architecture*
- *Business*

[If you are not sure in which category your project belongs, talk with your faculty advisor].

Which research projects are acceptable for inclusion in the Undergraduate Research Symposium?

Independent study projects conducted under the supervision of, or with integral involvement of a Rensselaer faculty member are acceptable for this program. **Design projects submitted for an undergraduate course are not acceptable.** Projects may be individual or team-based.
