Planning Your Condensed Course

Rensselaer Faculty Workshop: Planning Your Condensed Course – 2-hour Workshop

Planning Your Condensed Course is meant to assist instructors teaching Summer Arch or short semester courses in planning and presenting their course material in innovative, effective, and carefully considered ways. This two-hour workshop will allow you to produce a draft condensed course syllabus and get you started in planning your calendar. We will discuss best practices in condensing coursework, give you tips and assistance in interactive methodologies like flipping your classroom, and help you produce a draft course syllabus for your condensed course.

Prior to the workshop, instructors will experience a flipped classroom environment, reading articles and participating in an online discussion about condensed courses.
