## EVENT NEWSFLASH

---

In this Issue:

- Colloquium – Save the date.

### SAVE THE DATE: 2019 Teaching and Learning Colloquium – Tuesday, May 14<sup>th</sup>.

Save the Date for our 2019 Faculty and Staff Teaching and Learning Colloquium. The event is free and open to the faculty, staff, and graduate students of Rensselaer Polytechnic Institute. This year's theme is **Minds & Machines: Augmenting Learning with Interactive Environments**.

The focus of this day of learning will be in support of what RPI does best within our brick and mortar walls for teaching and learning. Our plenary speaker, **Dr. Nicola Allain**, will speak to us in the morning about the implementation of different strategies and technologies to enhance learning and to offer further interaction. In addition, there will be several afternoon sessions to complement Dr. Allain's presentation. The day will give us a look at additional strategies and technologies that have been implemented successfully as we look into the future of teaching at our Institute.

Registration and location information will be available soon but please be sure to add this date to your calendar now! Keep a look out for further details in Morning Mail, the Learning Newsflash, from your Deans and Department Heads, and visiting the [2019 Colloquium Website](#).

#### Teaching and Learning Colloquium

#### **Minds & Machines: Augmenting learning with Interactive Environments**

Tuesday, May 14th 2019

8:15am - 3:45 pm
