Innovative Strategies and Tools to Enrich Knowledge

FINDINGS OF EXTENDED REALITY (XR) AT THE HP/EDUCAUSE CAMPUS OF THE FUTURE

XR technologies (such as virtual reality (VR), augmented (AR), and mixed reality (MR)) can offer deeper opportunities for learning to the curriculum. The HP/EDUCAUSE Campus of the Future offers insight and findings to the goals, uses, integration, adoption, and effectiveness of XR technologies through their study in collaboration with HP and 17 institutions.
