FACULTY COURSE NEWSFLASH

Innovative Strategies and Tools to Enrich Knowledge

Rensselaer Faculty Course: Using Best Practices to Optimize Your Digital/Physical Course

Our team from Hartford has put together a course that will offer our faculty guidance in creating their fall 2020 course in any modality. They will be using best practices and learning science to structure a course that can be delivered face-to-face and digitally (synchronously and asynchronously) augmented by Blackboard. Faculty participants analyze and build their fall 2020 course as they apply what they are learning in this course. Please use the link below to learn more about this course and to register. We look forward to working together with you in these times of uncertainty.
