Innovative Strategies and Tools to Enrich Knowledge

Improving STEM Undergraduate Opportunities

Below are two opportunities for Improving Stem Undergraduate Education:

Attend the August 5th workshop hosted by the American Association for the Advancement of Science – Improving Undergraduate STEM Education Initiative on **Improving Introductory STEM Course Sequences to Provide Cohesive, Cross-Disciplinary Experiences.**

For further details on this workshop and to register, visit [Improving Introductory STEM Course Sequences to Provide Cohesive, Cross-Disciplinary Experiences](#).

Volunteer! The National Science Foundation's (NSF) Division of Undergraduate Education is looking for reviewers for the Improving Undergraduate STEM Education (IUSE) Program.

If interested, complete the [Volunteer Survey](#).
