Faculty Call for Proposals

Teaching and Learning Collaboratory Faculty Call for Proposals: Submissions due March 7, 2024

The Office of Undergraduate Education is pleased to announce this call for proposals supporting pedagogical innovation from the Rensselaer Teaching and Learning Collaboratory (TLC).

The TLC invites proposals from full time tenure track faculty members or lecturers/Professors of Practice for piloting and assessing pedagogical innovations, especially those integrating interactive technologies into their courses. We wish to fund seed projects that will serve as the foundation for external grant applications. Project proposals should entail the implementation of new interactive approaches, gaming, remote laboratories, or other innovative methods. The Beta Classroom is a space that may also be used for testing if appropriate for the project.

For further information on the call and details for applying, click [TLC 2024 Proposal Information](#).
